

Ayush Ranjan

Computer Science Undergraduate (AI & ML)

Bengaluru, Karnataka | aayushranjan256@gmail.com | github.com/Aayush-eng256/Java-portfolio | linkedin.com/in/ayush-ranjan-5ba713372

EDUCATION

Dayananda Sagar University

2025 — Present

B.Tech in Computer Science and Engineering (Artificial Intelligence & Machine Learning)

- Current Semester: 2nd Semester undergraduate student.
- Relevant Coursework: Multivariable Calculus, Object-Oriented Programming, Data Structures & Algorithms.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, HTML/CSS

Frameworks & Dev: React.js, Node.js

Tools & Workflows: Cursor AI, v0.dev, Git, GitHub, Linux, Jupyter Notebook

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

PROJECTS & CHALLENGES

100 Days of Data Structures & Algorithms (DSA) Challenge

Ongoing

- Actively solving core algorithmic problems daily using **Java** to sharpen logic and optimization workflows.
- Documenting consistent programming progress and daily breakdowns openly on a personal developer portfolio.

Personal Developer Portfolio Website

2026

React.js, Node.js, Cursor AI, v0.dev

- Designed and deployed a responsive developer portfolio showcase utilizing modern full-stack web architecture.
- Integrated AI-native engineering tools (Cursor and v0) into the development pipeline to prototype features and ship optimized components cleanly.

CERTIFICATIONS & TRAINING

Introduction to Cybersecurity

2025

Cisco Networking Academy

- Acquired foundational knowledge in network security principles, threat mitigation techniques, and data protection rules.

Sigma 8.0 Coding Curriculum

2025

Apna College

- Completed extensive, structured training in core programming fundamentals, advanced algorithms, and software development methodologies.
